Families, Residents & Staff

Re: Lifting of Public Health Restrictions as of August 07, 2021

Public Health Orders will change on Saturday, August 07, 2021, lifting several restrictions. However, parts of the province are in the Orange Restricted Level: “community transmission of COVID-19 is occurring, public health measures are being taken to manage the negative impact on human health and/or the health system.”- and large areas of the province are in Critical Red- “significant strain on health care system and spread of COVID-19 is NOT contained.” There are no areas of the province that are in the Green Level. Summer is travel time and families are on the move.

Caution is a priority at Riverwood Square; therefore, we will not be making any changes at this time. Adhering to safe practices is still as important on Saturday as it is today. Nothing has changed risk wise. We will continue to do the same entry procedures and continue with the contact tracing information. Masks will still be mandatory for all- staff, visitors, and residents while in the building.

Please continue all the safe practices that you do- it works!

We strongly encourage all those who have not been vaccinated to do so. We know vaccine is a strong part of the solution. Statistics show that vaccines work.

Thanks to all the staff for your diligence in safety practices.

Thanks to all our families in your diligence in keeping all residents and staff safe.

Your ongoing support is truly appreciated.

We welcome questions and suggestions. Stay Safe!!!
